### **STTP on “Development of Green campus through Renewable Energy Utilization”**

Department of Electrical Engineering of Government College of Engineering, Nagpur organized a Short Term Training Programme on, “Development of Green Campus through Renewable Energy Utilization”, sponsored by Directorate of Technical Education(M.S.),Mumbai. The programme was organized under the patronage of Dr. Abhay Wagh, Hon. Director, Directorate of Technical Education(M.S.),Mumbai during February 20<sup>th</sup> -24<sup>th</sup>, 2018. The basic idea of the programme was initiated by the Principal Dr.M.B.Kumthekar and was designed by Dr.N.D.Ghawghawe Head Department of Electrical Engg. who worked as the coordinator of the programme. The STTP was held for the teaching faculty members of various Polytechnics and Engineering colleges across Maharashtra .The main objective of the training programme was to disseminate relevant information on various aspects and also current trends in renewable energy technology for power generation. The expected outcome from the programme beneficiaries was to promote the use of renewable energy and carry out research in this area. The STTP received a positive & over whelming response.

Total faculty from Government/Government aided Polytechnic and Engineering Colleges of Maharashtra were 20. The programme was inaugurated by the Chief guest Dr. M. K. Khedkar (Ex. Vice-Chancellor SGBAU, Amravati, currently Prof. & Head of EED, VNIT, Nagpur) & Dr. D. P. Kothari ( Ex. Director IIT Delhi, Vice Chancellor, VIT Vellore, Principal VRCE, Nagpur) who was guest of honor.

Dr. Khedkar presented his views on the topic, “Renewable Energy Sources of Power Generation – Solar & wind Energy aspects”, followed by Dr. D. P .Kothari who delivered the topic, “Renewable Energy & Global Scenario”. Dr. P .K .Katti, (Prof. EED & Head Affiliation DBATU, Lonere) enlightened the audience with his topic “Energy scenario and Potential for Renewable Energy in India”. Dr.N.D.Ghawghawe presented his expertise on “New polices of energy utilization and power system restructuring.”

Renowned experts form academic Institutes namely, Dr. R. M. Moharil, Dr. Satputale & Dr. S.W. Mohod and from Industries, Er. M.G.Wath, Er. Sachin Ganjare, Er. Ajay Damral & Dr. Vivek Bhore engaged the various technical sessions on various topics.

A Valedictory function was organized under the chairmanship of Dr.Vivek Bhore, a renowned industrialist working in solar power technology. Also Mr. Sanjayji Nichat, Global Power Electronics was the guest of honour.

The successful conduction of the programme was a result of effective guidance from the Principal, Dr. M. B. Kumthekar and combined continuous efforts of Prof. Dr. N. D. Ghawghawe, Prof. S.P.Jolhe, various visiting faculty of the Electrical Engineering Department & all the students of 2<sup>nd</sup> year Electrical Engineering.
